John And Vivienne Risby

Address:
10 Church Road
Sherington
Newport Pagnell

Postcode:
MK16 9PB

Email:

Phone Number:

Comments

Submission Type:
Customer objects to the Planning Application.

Comments:
These are further comments to our previous objection. We note item 13 on the planning application that it states the site is not within 20 metres of a stream and also states that it is an area that is not at risk of flooding. The stream that flows at

the bottom of gardens in church road runs into a pipe that then channels through the area where the designated site is. Regarding flooding - there was a serious flood that occurred when the underground stream was blocked by debris (the blockage occurred in the play area concerned). Water flooded our garden, existing car park and flowed at a fast rate down Church Road. The stream continues along the side of Church Road. We believe that the stream runs beneath the area that is to be built on. Our garden suffered much damage to the last flood to the point where we had to renew fencing, landscaping, garden shed and items within at a serious cost to us. We would seek reassurance that this will not happen again.
